

SURGICAL TEAM ROLE CARD

1

ANESTHESIOLOGIST

WHAT DO ANESTHESIOLOGISTS DO?

An anesthesiologist is a doctor who is trained to administer anesthesia during surgery. They monitor critical life functions like breathing, heart rate, and blood pressure during the surgery.

6

MEDICAL DEVICE COMPANY REP

WHAT DO MEDICAL DEVICE COMPANY REPS DO?

A medical device company representative may advise a surgeon on specific medical devices before or during a surgery. They might be present during a surgery to communicate specifics about the device.

SURGICAL TEAM ROLE CARD

2

OPERATING NURSE

WHAT DO OPERATING NURSES DO?

An operating nurse is a registered nurse who works in an operating room. They take care of patients before, during, and after surgery. They also relay information to the patient's family.

4

SURGEON

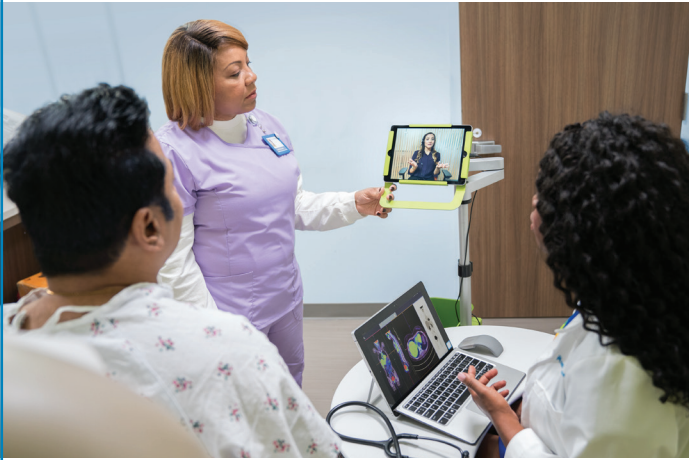

WHAT DO SURGEONS DO?

A surgeon is a doctor who evaluates and treats conditions that require surgery. In the operating room, the surgeon leads a team of doctors, nurses, and techs to make sure the procedure goes smoothly.
